THE GREAT  
OUTDOORS

WEEK 1 (30/03 - 03/04)

THINK FAST. MOVE SMART. WORK TOGETHER.

Children will learn how to navigate with compasses, complete trail missions, and take on energetic games like Capture the Flag. Through hands-on STEM challenges, they'll build shelters, design rescue devices, and test hurricane-proof structures. They'll also create their own survival gear and mini pocket gardens to take home, try new flavours in our Wild Missions Tasting Challenge, and work together to solve the final Escape Camp mission.

- Build and test storm-proof structures through a Hurricane Challenge
- Craft your own personalised Survival Explorer Kit
- Create a take-home pocket garden, their very own mini terrarium
- Take part in our Wild Missions Tasting Challenge and more...

WEEK 2 (07/04 - 10/04)

DISCOVER WHAT'S HIDING OUTDOORS.

Children will build teamwork and co-ordination with Monkey Soccer and Trail Tag, before testing their skills in The Great Outdoors Tournament. Creativity comes alive as they design explorer hats, craft camouflage masks, and paint wooden bird models to take home. They'll enjoy hands-on fun with our Mud Explosion Experiment and make Cheerio bird feeders to support local wildlife.

- Make personalised explorer hats to take home
- Paint and customise 3D wooden bird models
- Get stuck into our messy, hands-on Mud Explosion science experiment
- Enjoy Trail Tag, Monkey Soccer, Cheerio Bird Feeders, and so much more!

PRICE SAMPLE

**€270** per week for 9 hours a day (08:30-17:30)

only €173.70 after minimum NCS discount (€2.14 per hour)
