**RE: Scoil Mhuire na nGrást - Cork County Council & Safe Routes to School**

**16/09/2022**

Dear Parent/Guardian,

Cork County Council has advised the school that they will commence a second temporary traffic management system at Aghafantaun Bridge on Monday next 19th September, which will involve the installation of temporary traffic lights on both the village and school sides of the bridge.

They further advise that this being undertaken to enable Cork County Council to formulate proposals which will give rise to the delivery of improved infrastructure on a key access route to the school, and enhance access for those walking/scooting/cycling to Scoil Mhuire na nGrást.

Le meas

Diarmuid Hennessy
